CONTACT REPORT

31 May 1961

BERNHARDT - ☐ ☐  
☐ home - 1515-1610

1. LENA Case - ☐ ☐ said he was still interested in getting operational details on the LENA case to check out such things as telephone numbers, safe houses, etc., against our files.

2. Dr. MILLNER - BERNHARDT said he did not as yet have the explanation for UJEDROWSY having requested NDC traces on MILLNER.

3. ☐ ☐ Interrogation of KRICHBAUM - ☐ ☐ said that upon re-checking the ☐ ☐ report, it seemed clear that the phonetics were English rather than German. ☐ ☐ said he doubted it was necessary to check ☐ ☐ especially since he was back in the States winding up his affairs before going to Berlin.

4. Alois BRENNER and Co. - ☐ ☐ showed BERNHARDT an article from the 20 April 1961 issue of "Der Zeit" concerning an alleged meeting in Beirut of numerous former Nazis, including SKORZENY, BRENNER, etc. ☐ ☐ noted that we were aware that OSTUM and GUSCHNATH were interested in the former SS group in the Middle East, that GIBLINERANDT also seemed to be interested in other aspects, particularly SCHARFER-- and that we hoped BERNHARDT was in a position to know what was going on here in view of the fact that the whole thing possibly seemed related to HACKE. BERNHARDT indicated he was aware of some of the checking going on in UPHILL and appeared to be somewhat non-committal on this subject.

5. UJEDROWSY - The following points came up:

A. ☐ ☐ said further casing had taken place and it had been possible to locate an OP about 250 yards from UJEDROWSY's home. ☐ ☐ said the latest casing report would be available soon.

B. UJEDROWSY's vacation plans were discussed. BERNHARDT noted that during his trip to Hamburg UJEDROWSY was planning to visit a number of friends including GHOFFMANN. BERNHARDT also said that since UJEDROWSY expected to stay in Germany during his entire vacation he was not required to submit an itinerary or addresses where he could be reached.

C. BERNHARDT said that GIBBERDORF had reported that UJEDROWSY had asked him some very leading and suspicious questions that really were none of UJEDROWSY's business. BERNHARDT said he did not know the details as yet but would be interested in finding out what UJEDROWSY was after from GIBBERDORF.

D. BERNHARDT said that in putting various small pieces together, there appeared to be a pattern indicating that UJEDROWSY was extra curious about various things just after returning from his frequent (once every two weeks) business trips to Cologne. BERNHARDT said this pattern, if it held up under further scrutiny, raised the definite possibility that UJEDROWSY was receiving EKIs in Cologne and presumably being run from Cologne. BERNHARDT said it was possible, of course, that he merely was fired up as a result of operational discussions on his business trips, although the pattern seemed to indicate something more than that.
